

## Electric Hoist 380 Volt

### Features CWG30375

heavy design for heavy duty application  
cable remote control 24 V included  
electromagnetic fail safe brake  
planetary gears for efficiency  
heavy duty ball bearings, steel drum  
tie bars between drum flanges prevent rope loss  
steel housing to be mounted by bolts  
optional emergency-off switch

### Specifications

lifting capacity on wire rope top layer: (safety factor 4)		900 kg
Lifting speed under load		
	first layer:	13,0 m/min
	top layer:	20,6 m/min
Motor:		4,0 kW, 4 poles, 50 Hz
max. lifting height:		58 m
wire rope	diameter:	10 mm
	length:	60 m
wire rope drum	diameter:	127 mm
drum flange	diameter:	275 mm
distance between flanges:		230 mm
mounting bolt pattern:		370 mm x 500 mm
net weight of winch:		185 kg
<b>Option:</b>		
wireless remote control		24 V
